

A lone **xerach** flower blooming in the desert is a far mightier display of God's might than a meadow full of them. If He's planted you in a dry place, trust that He'll bring you to bloom.

“See, I am doing a new thing! Now it springs up; do you not perceive it? I am making a way in the wilderness and streams in the wasteland.”

Isaiah 43:19

ALPHABET *for the* SOUL
